SUMMARY

I am a highly motivated and enthusiastic individual with a strong foundation in web development.

My passion for continuous learning and my proactive approach to tackling challenges make me a valuable addition to any team.

Hands on experience with the concepts and implementations of HTML5, CSS3, Bootstrap4, JavaScript, TypeScript, ES6, Flex, Sass, JSON, REST API's and Angular, Angular Material.

EXPERIENCE

Angular Developer
GDigit InfoTech

July 2023 – Present
Nagpur, India

PROJECTS

E-Commerce Management System

Role: Contributed to the development of an e-commerce platform.

Technologies Used: HTML, CSS, JavaScript, TypeScript, Angular 10, Angular Material, Responsive Web Design.

Key Responsibilities:

- Integrated essential features such as services, angular material, custom pipes, and directives to optimize the user interface (UI) and user experience (UX) enhancement. Ensured efficient routing for seamless dynamic page navigation.
- I worked on an e-commerce platform using Angular, focusing on an increase in sales and user experience.
- Designed responsive and user-friendly interfaces to boost customer experience and conversion rates.
- Integrated dynamic routing to facilitate seamless navigation and improve overall user engagement.
- Enhanced cost transparency by enabling price comparison and direct purchases within the platform.
- Collaborated with the team to ensure that the platform met project requirements and adhered to best practices.

SKILLS

Frontend Development:

- Languages/Frameworks: HTML5, CSS3, JavaScript, TypeScript, Angular 10, RxJS, jQuery, Bootstrap 3/4, Sass, Flexbox.
- Technologies: RESTful APIs, ajax, Responsive Web Design, ES6, JSON
- Tools & Platforms: Visual Studio Code, Jira, Angular CLI
- Version Control: Git, GitHub
